

# INTER FOOTBALL FC

## KIDS PLAYING ORGANISED FOOTBALL WITHOUT PRESSURE, FEAR OR JUDGEMENT

Hi, I'm Scott Clifford, a football-parent, dad-coach, and the proud owner of #LetUsPlayFootball. I believe passionately in the profound impact team participation has on a child's development. Being part of a team, when done right, becomes one of the most influential and powerful experiences in a young life. It's essential that every child is given the opportunity to experience these benefits, regardless of their ability or confidence.

Running a kids' football team is challenging, but oh so rewarding! In a perfect world, every child who loves football should have the opportunity to be part of a team – not just for a season, but for an ongoing journey of development, friendship, and fun.

That's why I've created this new project. Leveraging my expertise and excitement, we're building a unique platform where kids can truly experience being part of a football team that trains, plays, socialises and grows together.

Our focus is on fostering a love for the game in an environment where they feel no pressure, face no judgment, and play with no fear – just absolute freedom

This isn't just about football; it's about building confidence, making lifelong friends, and ensuring they retain their passion for the sport, all through the power of being part of a supportive, ongoing team.

Scott Clifford, Founder of LetUsPlayFootball
