

#LETUSPLAY FOR SCHOOLS

LetUsPlay is partnering with local schools, an initiative dedicated to ensuring children can participate in competitive sport with confidence and fun, free from pressure and fear.

The #LetusPLAY branding acts as a coat of armour for kids, and our stickers and banners serve as a strong, positive, and constant visual reminder and ethos for parents, coaches, and players pre, during and post matches...players wear them on and off the pitch with pride. Parents and coaches respect the message.

Can we give this issue visibility within your school?

Options

- Mesh Banners: Inspirational quotes can be fixed around the school grounds.
- Sideline Banners: Free-standing banners for flexibility.
- Goalpost Stickers: Reinforce the message during matches.
- Branding on kits - A coat of armour for kids & a constant visual reminder.

Thanks,

Scott Clifford

FOOTBALL

"You don't scream at your kids
when they are learning to read
and write, so why do it when they
are learning to play football."

Sean Dyche

Game-Changing football bibs!
