## North Leamington School's Year 5 Transition event

June 2025

Dear Parent/Carer,

We would like to invite your son/daughter to experience two eco-workshops at North Leamington School.

What is it?

Students will be able visit NLS and take part in brand new eco-workshops led by their staff, eco leaders and International Leaders.

### What are they offering and why?

As an International School, NLS want to promote environmental awareness and love of our natural environment. This will hopefully excite students and encourage them to think more about protecting the environment, whilst also helping them to feel more secure about transitioning to secondary school.

Students will have the opportunity to take part in two exciting eco-workshops. Firstly, students will see their fantastic allotment and they will have the opportunity to participate in some vital seasonal planting to help support the beehives which NLS have on their school site. Secondly, in preparation for the Autumn, students will build bug and hedgehog hotels around the school!

### When is this?

Thursday 26<sup>th</sup> June                      11.30am - 12.45pm

Y5 students will be walking to NLS during the morning and then walking back to Telford Junior school during lunchtime. Therefore, all students will require a packed lunch and a water bottle on the day. If your child has free school meals, please get in touch with the office if you require the school to provide a packed lunch.

### Adverse weather

In the case of adverse weather, we would recommend that students wear suitable clothing in case they get wet e.g. wellies and a raincoat. If it is sunny, please ensure that your child has appropriate sun protection, including a hat.

Kind regards,

The International Schools Team
