

{JAM} CODING™

ROBLOX

Game Designers

Afterschool Club_

TELFORD JUNIOR SCHOOL

Build Your Own Roblox Game!

Get ready to design, code, create, and play inside your very own Roblox obby! In this awesome workshop, you'll bring your imagination to life and build a world that you and your friends can explore.

Create cool features like:

- Collectable coins
- Lava jumps to dodge
- Secret doors and hidden surprises
- Moving platforms to ride
- Tricky mazes to escape
- ...and anything else you dream up!

The best part?

You'll get your very own Roblox character and actually jump into the world you've created to play your game, and your friends can play it too!

We build Roblox games safely in Play Mode, so it's all about having fun while learning the skills of a real game developer. And don't forget... Earn team points throughout the club, and your team could take home the Jam Coding Trophy!

Choose one of these options to book a place:

- Click the link below
- Scan the QR code to the right
- Visit www.jamcoding.com/our-workshops/, enter the first part of your postcode, and select your venue
- Contact your area manager who can manually book you on
